

HAVE YOU GOT WHAT IT TAKES TO BE A SPEED READER?

No, we're not talking about skimming through books here. We want to know if you can handle the extreme styling and the awesome power of the Dodge Viper. If you think you're up to the challenge, then VIPER Magazine should definitely be on your reading list.

VIPER Magazine is the only place you can find exclusive coverage of the Dodge Viper—one of the hottest muscle cars America has ever produced. VIPER Magazine puts you behind the wheel by giving you the inside story on the technology that produces the Viper's unbelievable 500 horsepower and incredible 500 foot-pounds of torque.

You can have all this excitement for less than you might think. Two years (eight issues) of VIPER Magazine cost \$52. Or you can opt for the one-year subscription for only \$30. Either way, you get maximum excitement for minimal expense. (Canadian subscribers should add \$12 per year, and overseas subscribers should add \$33 per year for special handling.)

You can print out this form and fax or mail it to Viper headquarters.

So what are you waiting for? If you have any questions, call Viper Headquarters toll-free at (800) 998-1110.
